

The Raptor Center

Educational ambassador:	Quick facts:	Notes:
<p>Alula</p> 	<p>Red-tailed hawk Hatch year 2007 Weight: 3 lbs. Found in Dodge County, Minnesota West Nile virus Female Un-releasable due to eyesight deficiency Flighted</p>	<hr/> <hr/> <hr/> <hr/> <hr/> <hr/> <hr/> <hr/>
<p>Artemis</p> 	<p>Peregrine falcon Hatch year 2001 Weight: 2 lbs. From Minneapolis Captive bred—falconry bird Insufficient at hunting, retired Female Flighted</p>	<hr/> <hr/> <hr/> <hr/> <hr/> <hr/> <hr/> <hr/>
<p>Bailey</p> 	<p>Red-tailed hawk Hatch year 1990 Weight: 3 lbs. Found in Red Wing, Minnesota Illegally shot Un-releasable due to fractured right wing Female Limited flight</p>	<hr/> <hr/> <hr/> <hr/> <hr/> <hr/> <hr/> <hr/>
<p>Boreas</p> 	<p>Boreal owl Hatch year unknown Weight: 3.75 oz. Found in Duluth, Minnesota, in 2005 Unknown collision Un-releasable because of sight deficiency Full-flighted</p>	<hr/> <hr/> <hr/> <hr/> <hr/> <hr/> <hr/> <hr/>
<p>Bubo</p> 	<p>Great horned owl Hatch year 2000 Weight: 2.75 lbs. Found near Edgerton, Minnesota Nest blew down, human imprint Un-releasable due to imprinting Male Flighted</p>	<hr/> <hr/> <hr/> <hr/> <hr/> <hr/> <hr/> <hr/>

Educational ambassador:	Quick facts:	Notes:
<p>Casper</p> 	<p>Red-tailed hawk Hatch year 1992 Weight: 2 lbs. Found in Itasca, Minnesota Hit unknown object Un-releasable due to right wing injury Male Very limited flight</p>	<hr/> <hr/> <hr/> <hr/> <hr/> <hr/> <hr/> <hr/>
<p>Darner</p> 	<p>American kestrel Hatch year: 2009 Weight: 130g Found in Austin, Minnesota Unable to be released due to blindness in right eye. Does not vocalize. Female</p>	<hr/> <hr/> <hr/> <hr/> <hr/> <hr/> <hr/> <hr/>
<p>Dash</p> 	<p>Merlin Hatch year 2015 Weight: 123 grams Found in Askov, MN Male Un-releasable due to permanent nerve damage to L wing Non-flighted</p>	<hr/> <hr/> <hr/> <hr/> <hr/> <hr/> <hr/> <hr/>
<p>Gladdie</p> 	<p>Bald eagle Hatch year unknown Weight: 8 lbs. Found in Muskegen, Michigan Hit unknown object, dislocated elbow Un-releasable due to right elbow injury Male Limited flight</p>	<hr/> <hr/> <hr/> <hr/> <hr/> <hr/> <hr/> <hr/>
<p>Lois</p> 	<p>Great horned owl Hatch year 2001 Weight: 2.75 lbs. Found in Bemidji, Minnesota Human imprint Un-releasable because of imprinting Flighted</p>	<hr/> <hr/> <hr/> <hr/> <hr/> <hr/> <hr/> <hr/>

Educational ambassador:	Quick facts:	Notes:
<p>Luta</p> 	<p>Red-tailed hawk Hatch Year: 2015 Weight: 1090 g Found: Roseville, MN Female Unreleasable due to microphthalmia Flighted</p>	<hr/> <hr/> <hr/> <hr/> <hr/> <hr/> <hr/> <hr/>
<p>Malar</p> 	<p>American kestrel Hatch year 2012 Weight: 105 grams Found in Minneapolis, MN Right metacarpal fracture Male Un-releasable – incapable of sustained flight</p>	<hr/> <hr/> <hr/> <hr/> <hr/> <hr/> <hr/> <hr/>
<p>Maxime</p> 	<p>Bald eagle Hatch year 1999 Weight: 10.5 lbs. Found in Moorhead, Minnesota Unknown trauma, low-level lead poisoning Un-releasable due to dislocated left wing joint Female Limited flight</p>	<hr/> <hr/> <hr/> <hr/> <hr/> <hr/> <hr/> <hr/>
<p>Meadow</p> 	<p>Northern harrier Hatch Year: 2008 Found in Ellsworth, WI Weight: 475g (about 1 pound) Unable to be released due to blindness in her right eye Female</p>	<hr/> <hr/> <hr/> <hr/> <hr/> <hr/> <hr/> <hr/>
<p>Mêstaáe</p> 	<p>Eastern screech-owl Hatch year 2008 Weight: 6 oz. Found out of nest Un-releasable due to insufficient flight, "Socialized" toward humans Female Flight status unknown</p>	<hr/> <hr/> <hr/> <hr/> <hr/> <hr/> <hr/> <hr/>

Educational ambassador:	Quick facts:	Notes:
<p>Nero</p> 	<p>Turkey vulture Hatch year 1974 Weight: 3.75 lbs. Captive bred in Madison, Wisconsin Imprinted for California condor research Un-releasable due to imprinting Flighted</p>	<hr/> <hr/> <hr/> <hr/> <hr/> <hr/> <hr/> <hr/>
<p>Omaha</p> 	<p>Red-tailed hawk Hatch year 2002 Weight: 2.5 lbs. Found in Omaha, Nebraska Illegally shot Un-releasable due to injured left wing Male Limited flight</p>	<hr/> <hr/> <hr/> <hr/> <hr/> <hr/> <hr/> <hr/>
<p>Pi</p> 	<p>Bald eagle Hatch year: 2009 Weight: 3550g (just over 6 pounds) Found in Wabasha Unable to be released due to behavioral mal-adaption Male</p>	<hr/> <hr/> <hr/> <hr/> <hr/> <hr/> <hr/> <hr/>
<p>Ricke</p> 	<p>Great horned owl Hatch year 1998 Weight: 2.5 lbs. Found in River Falls, Wisconsin Human imprint, malnourished Un-releasable due to imprinting, rickets Male Flighted</p>	<hr/> <hr/> <hr/> <hr/> <hr/> <hr/> <hr/> <hr/>
<p>Rowan</p> 	<p>Red-tailed hawk Hatch Year: 2015 Weight: 940 g Found: Rush City, MN Female Un-releasable due to microphthalmia Flighted</p>	<hr/> <hr/> <hr/> <hr/> <hr/> <hr/> <hr/> <hr/>

Educational ambassador	Quick facts:	Notes:
<p>Samantha</p> 	<p>Great horned owl Hatch year unknown Weight: 4 lbs. Found in Deer River, Minnesota Hit by vehicle Un-releasable due to fractured left wing Female Limited flight</p>	<hr/> <hr/> <hr/> <hr/> <hr/> <hr/> <hr/> <hr/>
<p>Sienna</p> 	<p>American kestrel Hatch year undetermined Weight: 115 grams Found near Wabasha, MN Amputated outer wing digit Female Un-releasable – incapable of sustained flight</p>	<hr/> <hr/> <hr/> <hr/> <hr/> <hr/> <hr/> <hr/>
<p>Strix</p> 	<p>Barred owl Hatch year: 2009 Weight: 1.6 pounds Found in Sleepy Eye, Minnesota Unable to be released due to blindness in right eye Sex unknown</p>	<hr/> <hr/> <hr/> <hr/> <hr/> <hr/> <hr/> <hr/>
<p>Talon</p> 	<p>Peregrine falcon Hatch year 2015 Weight: 875 g Found near Saint Cloud, MN Female Un-releasable due to damaged talons Flighted</p>	<hr/> <hr/> <hr/> <hr/> <hr/> <hr/> <hr/> <hr/>
<p>Whisper</p> 	<p>Barn owl Hatch year 2004 Weight: 1.5 lbs. From St. Louis Captive bred Un-releasable due to imprinting Female Flighted</p>	<hr/> <hr/> <hr/> <hr/> <hr/> <hr/> <hr/> <hr/>

Alula -Red Tail Hawk

1. "Alula," got her name how?
2. What eye can she not see out of?
3. West Nile affects what part of the body?

Artemis-Peregrine Falcon

1. How long was she trained?
2. What year did she arrive at the Raptor Center?
3. She was not proficient after how many feet?

Bailey- Red Tail Hawk

1. She is fractured what wing?
2. How many times must they fly before they are healthy?
3. How many weeks did it take Bailey?

Boreas – Boreal Owl

1. Where was he found in Duluth
2. How many months did the Raptor Center observe him?
3. Boreas is being trained to do what?

Bubo- Great Horned Owl

1. How long was he imprinted
2. On what day was he admitted to the Raptor Center?

3. How did Bubo get his name?

Casper-Red Tail Hawk

1. Why was Casper brought to the Raptor Center?
2. How was he in rehabilitation?
3. Casper was named after what?

Darner- American Kestrel

1. She was blind in which eye?
2. The female kestrel follows what?
3. The Kestrel are what?

Dash- Merlin

1. Dash has permanent damage in what wing?
2. What trees do they usually nest in?
3. Dash molted into what colors

Gladdie- Bald Eagle

1. Why was Gladdie brought to the Raptor Center?
2. What shoulder is dislocated?
3. Gladdie was named to honor who?

Lois – Great Horned Owl

1. Why was Lois brought to the Raptor Center?

2. An imprinted owl can not return to the wild because ?

3. Imprinting an owl can cause what?

Luta-Red Tail Hawk

1. Luta has what condition?

2. Luta has no what?

3. Luta means what?

Malar- American Kestrel

1. Malar was admitted to the Raptor Center why?

2. He received his name why?

Maxime- Bald Eagle

1. Maxime hit what?

2. Maxime's blood test was at what level due to lead poisoning?

3. She is considered what compared to other eagles because?

Meadow – Northern Harrier

1. Meadow was found to have what?

2. Northern Harriers are what?

3. They are what to the Raptor Center?

Mestaae-Eastern Screech Owl

1. She is at the Raptor Center why?

2. Mestae Means what?

Nero- Turkey Vulture

1. Nero acted as a model for?
2. Nero was at what nature center first before coming to Raptor Center

Omaha- Red Tail Hawk

1. Omaha was found starving due to what injury in 2002?
2. He had a gunshot wound to what? Did it heal properly?

Pi-Bald Eagle

1. Pi had no injuries but what happened to him?
2. Pi is named after who

Ricke- Great Horned Owl

1. Ricke's showed what?
2. How did his rescue damage him?

Rowan – Red Tail Hawk

1. Rowan suffered from metacarpus (what is metacarpus)?
2. Rowan also suffers from microphthalmia (what is microphthalmia)?

Samantha- Great Horned Owl

1. Why was Samantha brought to the Raptor Center?
2. Human bones and bird limbs are known as “homologous structures.” What is “homologous structures?”

Sienna – American Kestrel

1. She is not able to do what?
2. She is tolerant of humans which indicates what?

Strix- Barred Owl

1. Why was she admitted to the Raptor Center?
2. Strix is Latin for?

Talon- Peregrine Falcon

1. What color and number was her band?
2. When she was admitted what did they find?

Whisper-Barn Owl

1. Whisper was determined/slanted to do what when she was born?
2. She was purposely imprinted for what reason?
